

Results Annual Regatta Photo competition

After a break we came back together to pick the winners in the Annual Regatta Photo Competition. We received a respectable number of entries for the beach and water categories. Unfortunately no entries were received for the under 16 category. The selection procedure was done 'blind' without knowing who the photographers were (well except for one person who compiled all the entries). Although the choice of subjects was a bit limited considering the weather conditions, selection of the Winner and runner up was unanimous. A prize of 30 RO goes to the winner of each category.

We would like to thank all the photographers for their entries and hope that next year your enthusiasm will be rewarded with weather condition that will allow spectacular sailing photo's.....
