

VOLVO 2010 RAHBC OMAN OPEN LASER CHAMPIONSHIP

The VOLVO 2010 RAHBC Oman Open Championship for Lasers was sailed for the 28th time 22nd & 23rd April from the club beach. 32 Sailors competed in the event with participants from Oman Sail, Qatar National Sailing team, Bahrain, Castaways and RAHBC. Lasers with a standard sail or the slightly smaller radial sail competed for the Open (all boats) or the Radial cup. The Radial cup was limited to those sailing all races with a Radial sail.

Waleed Al Sharshani from Qatar came out on top in both the Open and Radial classes with 9 points (out of 8 races with one discard). Second place, again Open and Radial, was for Hassan Al Tamimi also from Qatar (15 points) with our own Alexander Rice following as third in the open class with 28 points and Assad Al Hooti from Oman Sail in the Radial class. Assad was also the best Omani Sailor with 7th position in the Open. All these winners were young man aged 15 to 18. They beat the older more experienced sailors in some very competitive racing. Well done for the youth. A great sailing future lies ahead for them.

The first racing day saw very strong easterly winds throughout the day. Wind speeds from 15 to 20 knots created very demanding conditions. 5 races were held and the scene was immediately set by the youngsters of the Qatar national team making 1 and 2 in each of the races. The radial sail was the better choice in this heavy weather. The battle for positions 3 to 6 was severe with the older RAHBC sailors Dave , Tony and Stephen trying to beat 15 yr old Alexander. Alexander came out as 3rd at the end of the day. At the end of the day our bodies hurt (a lot!) but our spirits were high!

On Friday the wind was again blowing strong. Just a notch less power full than the day before, creating excellent sailing conditions which most of the fleet managed well. The lighter sailors wisely decided to use the smaller radial and 4.7 sails. 3 races were held and Mohammed al Zaini from Qatar won them all. Mohammed sailed the standard sail which on day 1 created too much power leaving him in only 9th place. With slightly less wind there was no stopping him! The first day 1/2/3 placed sailor Waleed, Hassan and Alexander continued strongly leaving only the 4th and lower places for the seniors.

Our commodore Tony van Thiel thanked the Officers Of the Day (OOD's) Andrew Faulkner and Peter Argument for the first rate management of the races. He also thanked all the competitors for taking part, the RAHRC staff and management for the great facilities and VOLVO-MHD for the sponsorship.
