

Main Committee Message

Hello RAHRC members, partners and friends,

I trust that most of you are busy and enjoying the summertime.

As we are diving into the deep warmth and sunshine of the summer, I would like to take the time to introduce myself to you, and my relationship to the RAHRC.

My name is Adel Al-Foory, and I have been appointed as the Vice-President of the club. Thanks to the PDO Management for the opportunity to contribute to the success of RAHRC along with my colleagues in the Main Committee.

Our ultimate aim is to make this club a place where all of our members and their guests can safely relax, enjoy, and celebrate. We will ensure the RAHRC will never deviate from this target, and harvest the EVP (Employee Value Proposition) that PDO is offering, as much as possible.

For your information, the Ministry of Finance had imposed the Excise Tax levied on alcohol and soft drinks since 15/6/2019. The RAHRC Management committed to have the Club prices remain competitive compared to the local market after paying all its dues.

On the other hand, the club is pursuing the developments plan to renovate the club to be modern and class to attract and delight members and to compete with the many options available.

Currently, the activity level is low, but will be picking up soon. So keep an eye on the advertisements and visit our website at www.pdorc.com for announcements regarding events that maybe taking place in the club. The club house rules are also available on the website and we request members to go through them regularly.

The RAHRC has plenty to offer. Therefore, enjoy the club facilities and the activities it offers and remember to give your help and support when needed to make the club a better place for yourselves and your families and friends.

Stay safe...

Regards,
On behalf of Main Committee
Adel Al Foory - Vice-President
